Required fees and documentation to be included with the completed application is as follows:

- A site diagram of the area where the display will take place. If the site diagram is incomplete this may delay the issuance of a permit. The diagram is not required to be to scale but must include the following:
 1. The point at which the proximate fireworks are to be positioned and fired.
 2. The fallout radius for each proximate firework used in the display.
 3. The lines behind which the spectators are restricted indicating distances in feet.
- Copy of the certificate of liability insurance with policy limits in an amount of no less than one million dollars (\$1,000,000)

The application, required documentation and fee amount must be submitted together to the Office of the El Reno Fire Marshal at least 10 working days prior to date of display. Any deviation from these instructions could result in the delay or denial of said permit.

I, the undersigned attest and ATTACH TO THIS REQUEST, PROOF OF INSURANCE, that Pyrotechnic liability insurance protection is provided in the minimum of \$10,000,000 as coverage for the location described on the permit, that NFPA 1123, 1126 and 160 safety precautions shall strictly be observed, and that information on this permit is true and correct.
